# OPERATION: SAVE AT THE CINEMA

**RED ALERT! ATTENTION M3 CLUB...**

Dr. Spendit has created an evil machine called **THE EXCITE-A-BLASTER**. He blasts normal movies, and makes them seem more exciting than they actually are. His plan? Make you so crazy about movies that you spend all your money.

**He's been sneaking into movie theatres everywhere. Have you been affected? Look for these warning signs:**

## YOU ONLY WANT TO WATCH MOVIES IN 3D

Some movie theatres charge up to \$5 extra for 3D films.

### M3 TIP

You don't need special glasses to enjoy a movie. Save money and see the cheaper version of the movie instead.

## YOU BUY ALL OF THE PRODUCTS NAMED IN THE MOVIE

**Product placement** is when a movie names or shows real-life products. This is really just a clever way for companies to sell you stuff.

### M3 TIP

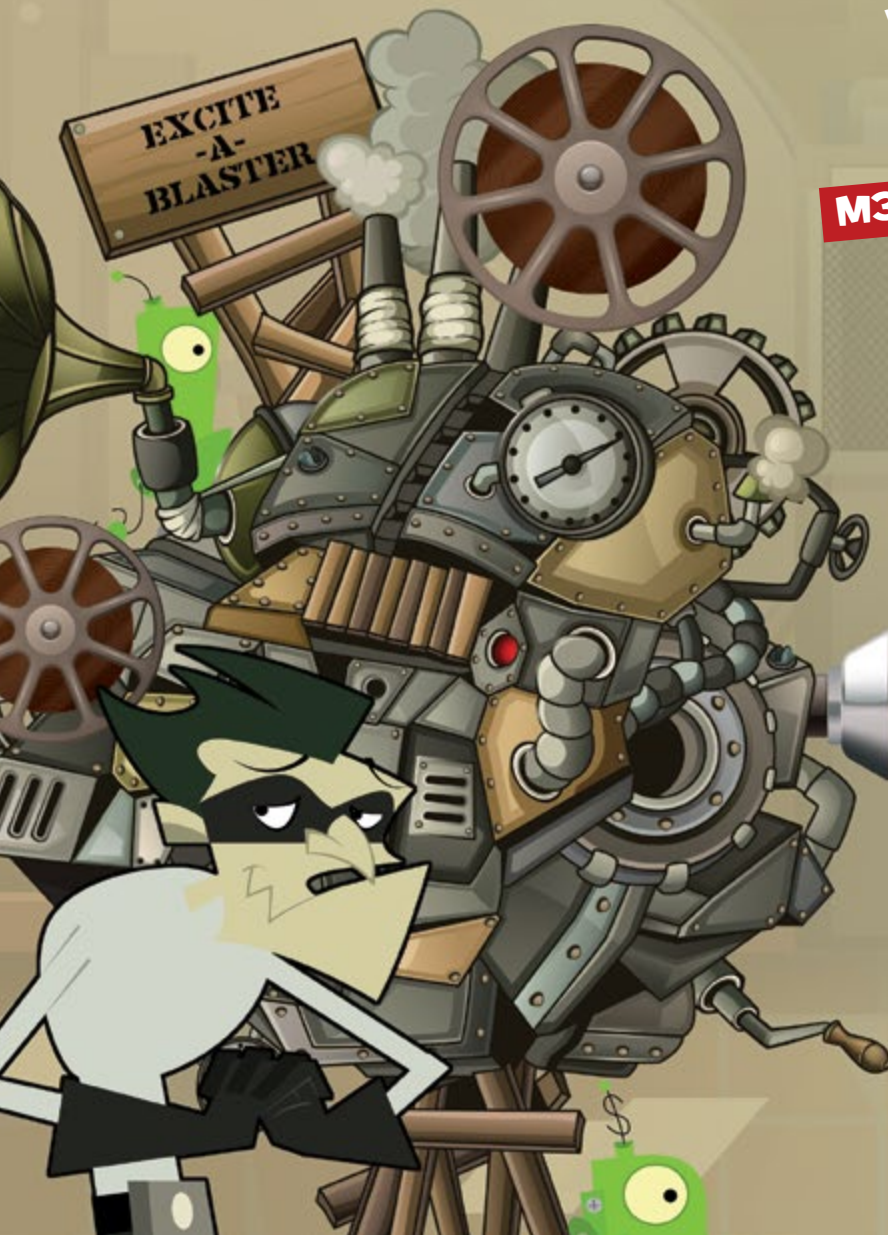

Don't buy something just because it's in a movie you like.

## YOU WANT ALL OF THE MERCHANDISE FROM A MOVIE

Toys, video games, soundtracks and clothes are fun to collect. But if you're not careful, all that movie merchandise can add up!

### M3 TIP

Only buy your favorite stuff and set a budget.
